Application for Environmental Authorization

1. PROJECT DESCRIPTION

Please provide a **detailed** description of the project.

Terratest (Pty) Ltd has been appointed by Ideal Shavings cc to undertake the environmental services required for the proposed construction of a poultry facility in the Dargle, Umgeni Local Municipality, KwaZulu-Natal Midlands.

The proposed development entails the construction of two (2) rearing houses and eight (8) laying houses. Construction will occur in a phased manner, whereby one (1) rearing house and four (4) laying houses will initially be constructed. Once established and operational, the remaining rearing house and laying houses will be constructed. Construction will further entail the development of a facility office, ablutions (to be serviced via septic tanks), fencing, an access road, water pipelines and electricity infrastructure.

In terms of water requirements, it is proposed that a weir be constructed on the stream that runs through the property, to provide water to the chicken houses as necessary. Further, an existing borehole is located on the site, which will provide water should demand requirements from the stream not be met. The appropriate Water Use Licence Applications have been made to the Department of Water and Sanitation (DWS) in this regard, as per the National Water Act (Act No. 36 of 1998).

(a) Strategic Infrastructure Projects

Does the project form part of any of the Strategic Infrastructure Projects (SIPs) as described in the National Development Plan, 2011?	YES	NO
